Church Partnership Opportunities

Bringing Back Soul Care to the Local Church

The Church has often outsourced emotional care to "professionals" or methodologies that are manmade. Emotional health should be cared for by the One who created our soul (mind or spirit). Biblical Counseling, through using God's Word, should be the most transformative counseling a person can experience.

Two options of partnership + Change That Sticks Foundations Course Includes:

- **Change That Sticks**, our flagship course, plus access to six additional foundational courses, including a Spanish Version, Exam Class, Counseling Observations Course, the Biblical Change Network, and more.
- **We use a multi-faceted learning approach** that provides live practicums with practical “how-to” guidance, interactive discussion boards, and weekly connection with your assigned mentor (if desired), and bi-monthly in-person counselor training discussions/practicums.
- **Each recorded session includes counselees** in the audience along with counselors in training—making biblical theory immediately practical as you learn.
